& Improve 'Working Adult' Education  
In Your Region

## **GESFWA - Global Education Support Forum for Working Adults**

### **Introduction**

Education for working adults is different from the normal educational setup, working adults have different requirements and need education which they may pursue along with their jobs. It is very important to standardize and promote working adults' education world wide so that all those working adults who couldn't complete their education for any reason and are now facing difficulties in their career may also get good quality education along with their jobs and may move forward and progress in their career.

In order to solve this problem of 1/3 population of the world i.e. working adults, GESFWA was launched in June 2007 with the mission of standardizing the education for working adults world over and increasing its outreach by providing required systems and solutions. GESFWA took some major initiatives and launched different systems and solutions which were required. Also, to ensure that it reaches in every corner of the world, chapters were created with the help of regional educationists. Currently GESFWA's network is growing at an enormous pace and educationists from all countries of the world are becoming GESFWA's member to carry it mission in their respective regions.

### **Media Relations**

GESFWA constantly keeps posting news releases with information about projects, activities and events relating to the Education for Working Adults in order to inform the media of its regular activities and new services as the media has a powerful role in educating the general public simply by making available valuable and previewed information in forms of various publications like educational newsletters, current affairs-based magazines, radio & television programs. It is through strong media coverage that our mission will reach out to more and more working adults anticipating to be the proud achievers of recognized certifications.

## Mission

*“To standardize working adults’ education throughout the world and expand its outreach by providing required systems and solutions so that more and more working adults can pursue their desired education and in turn play their role in increasing the overall productivity and GDP of the world.”*

GESFWA (Global education support forum for working adults) is a not-for-profit mission oriented organization with international chapters. GESFWA is working to standardize and promote the education for working adults worldwide.

## Existing and Upcoming Features

### CHAPTERS

To accomplish its mission of standardizing and promoting working adults' education worldwide, GESFWA has created chapters in different countries. All these regional chapters have native members who are related to the field of education in one way or the other and work to achieve GESFWA's mission in their respective chapters.

#### Chapter Objectives:

The primary objective of all our chapters include:

- Organize different seminars, workshops, and conferences on city, state and national level to improve, standardize and promote the working adults' education within their chapters.
- Manage and maintain different GESFWA's regional publications.
- Visit and verify the credibility of the information provided by different regional educational institutions who apply for accreditation. (To uplift educational standards, GESFWA has created IAO (International Accreditation Organization) to grant accreditation to educational institutes for working adults.)

**GESFWA's network is growing at an enormous pace. Below mentioned are some of our regional Chapters:**

USA, Canada, Australia, China, UK, Germany, UAE, Spain, Japan, Germany, France, South Korea, Italy, New Zealand.

If you are a faculty member, administrator in educational institution, member of regional accreditation body, govt. official from education ministry or anyone else associated with the field of education in your country and are keen on joining a chapter, you must first sign up for our individual membership in and then only should you be able to join your region specific chapter.

### ONLINE MEMBER AREA FACILITY

GESFWA is very pleased to announce personalized area for all its members. This technologically advanced online facility will strengthen the network and will increase the overall productivity and efficiency of GESFWA.

This member area will allow GESFWA to easily manage all the communication with the members. All the notices, notifications and other important messages will be sent to members directly via this online area. Members will be able to see both old and new messages whenever they log into their personalized member area.

This online member area will also help in managing all the activities of the GESFWA. Different activities that need to be performed in different chapters will be available in respective member areas. Members can see all the activities and show their consent for performing different activities directly from their area. Members will also be able to view the history and status of activities and initiatives undertaken and completed by them, as well as those awaiting response.

This area will also allow all members to manage their complete profile very easily, they can view and update their profile any time, set their communication preferences, change password of their personalized area, refer their friends and colleagues to GESFWA and do much much more!

All the GESFWA's publications and other news & updates will also be available in the very same area to keep all members updated. Furthermore, members will also be able to contribute in different GESFWA publications using the same area. With all these functionalities, GESFWA is certain that the Members Area will help improve the overall productivity of GESFWA's network.

## OUR INITIATIVES

Our major initiatives for achieving our mission fall under the following banners:

### Initiatives for Educational Services to Working Adults

These initiatives provide the important services, required systems and solutions that most working adults require when searching or applying for an education.

**GOEVO (Global On-line Education Verification Organization)** is a premiere verification service provider its main purpose is to apostille, notarize and equalize students' educational documents by verifying and validating the educational documents from their respective universities.

### Initiatives for Accreditation / Educational Standard upliftment for Working Adults Institutions

These initiatives are key to our mission to standardize and make more robust accreditation standards working adults' education throughout the world.

**IAO (International Accreditation Organization)** is an educational accreditation body that operates world-wide granting educational accreditation upon evaluation to institutions involved in education for working adults.

**OEAC (On-line Education Accreditation Commission)** is a private, non-profit organization that is a global watchdog examining the proficiency of management and quality of work done by educational accreditation bodies for on-line Universities.
